Superintendent Baranski noted it is customary for Administration to present State assessment results for students in grades 3-8. She noted the District was one of very few that participated in the modified version during the last two years, and invited Dr. Stephanie Pierce, Assistant Superintendent of Educational Services, and Bonner Montler, Director of Assessment and Learning Support, to provide a brief overview of the 2022 CAASPP results and next steps for continuous improvement.

Mr. Montler noted the number of students who tested remotely (from home) had decreased from 600 to approximately 50. He shared the following English Language Arts results for all students in grades 3-8. Mr. Montler explained 34.89% of grade 3, exceeded the standard, 24.3% met the standard, 23.05% nearly met the standard, and 17.76% did not meet the standard; and noted the n=642 referred to the number of valid scores in that grade level. The results in mathematics showed 27.57% of grade 3, exceeded the standard, 31.46% met the standard, 21.81% nearly met the standard, 19.16% did not meet the standard; and noted 642 were the number of valid scores in that grade level.

**Superintendent**

**1.1. School Safety: Prevention, Intervention, and Communication**

President Levens-Craig noted there were three (3) requests to speak on this item and explained the speakers would have the opportunity to address the Board after the item was introduced by Superintendent Baranski.

Superintendent Baranski introduced her presentation as follows:

The safety of students provides a school environment where children feel cared for and they can take risks. Every day. Academically, students who feel safe at school tend to have a better emotional health and are less likely to engage in risky behaviors. That sense of safety contributes to overall feeling of connection, which we've talked about a lot in the past, is how our students feel connected or unconnected from their schools.

Communication with their families. Annual Crisis preparedness, school climate and culture, goal setting, student well-being, programs and services, and annual facility updates are some of the ways that we work every single day to make sure we provide for a safe school environment, not only for our students who have for our staff this evening, I'm going to share some key points with you at the request of the board to bring back this item in the category as a prevention, intervention and communication.

Superintendent Baranski welcomed Lieutenant Ladieu from the Santee Sheriff Substation. She noted being in contact with Lieutenant Ladieu during the spring and summer on some key points he wanted to address with site administrators. Superintendent Baranski shared Lieutenant Ladieu would be discussing the information his department presented to site administrators during their meeting.

Superintendent Baranski reiterated Administration navigates school, student, and staff safety daily, even if it is not discussed at Board meetings. She noted her presentation included three key concepts: prevention, intervention, and communication. Superintendent Baranski noted her discussion included campus security, which included the well-being of

students and staff. She provided an overview of the key concepts. Lieutenant Ladieu spoke about the partnership between the District and the Sheriff's Department and their willingness to work with the schools as resources. Lieutenant Ladieu noted a team of deputies were serving as liaisons for the schools and had been to school campuses to meet the site administrators, become familiar with the campus, and update Knox box information. He shared the deputies were available to assist in various capacities.

Member Fox clarified the officers were only liaisons and not resource officers; and shared everyone was very welcoming and supportive of having the deputies at the schools during the Lunch on the Lawn events and on the first day of school. Member Burns expressed appreciation for the partnership and shared that in previous years it was concerning to students when they saw a Sheriff on campus, and how it changed, and students are more welcoming and approachable. Member Burns encouraged the liaisons to visit the schools as often as possible to build that trust and relationship with the students. President Levens-Craig expressed her appreciation for being present during drop-off and dismissal to help with drivers who do not adhere to the speed limit.

Superintendent Baranski shared an overview of how the District utilizes the following resources for school safety.

President Levens-Craig invited the following public speakers to address the Board:

Barbara Johnson shared information on human trafficking and the need for awareness at the schools. The Board suggested Ms. Johnson work with the Santee Community Collaborative.

Tracie Thill noted the need for stricter security measures at the schools, discussed the mechanisms at another district and the sense of security it provided, and the possibility of using PTA funds for security equipment and/or personnel.

Ron Burner stressed the need and cost for school resource officers, his frustration on the District's delay to discuss security measures after the school shooting in Texas, and the need for the District to secure funding to provide proper security measures.

Member Burns noted his initial campaign focus for a seat on the Board was around the importance of school safety. He explained this was after his mother was a victim, suffering a heart-attack, during the shooting at Santana High School in Santee; he was not a parent at the time but had a niece and nephews starting elementary school. Member Burns noted finding Ron Burner's behavior on Facebook to be reckless and causing undue panic in the community by stating the District had done nothing to address student safety in 105 days after the school shooting in Texas. Member Burns stressed the safety of students and staff is priority and noted logistical meetings and discussions on student safety are held regularly, and not only during Board meetings or after a tragedy as stated on social media. He noted the spread of misinformation was not necessary and only caused undue panic; and encouraged parents to speak to the school administrators. Member Burns stressed his support of school resource officers and lock mechanisms for the doors and noted he believed PTA funds should be used to enhance education and making school fun for students, and not as suggested by Mrs. Thill. He suggested seeking State funding for resource officers and security measures. Member Burns explained the District had already looked into various security measures and shared the cost of a resource officer was over \$100,000, for salary and benefits. He noted Board meeting discussions are only heard by those in attendance and encouraged families to contact District and/or School Administration with questions, concerns and/or suggestions on student safety.

President Levens-Craig shared that as a parent, prior to her election on the Board, administration was always available to answer questions and/or concerns relating to student safety; and noted that in her ten (10) years on the Board, she does not recall when student safety was not a discussion and/or priority for the Board.

Superintendent Baranski noted the District had been compiling comparative costs for school resources officers and would obtain costs for facility safety and security consultants.

**1.2. Approval to Cancel the October 11, 2022 Regularly Scheduled Meeting of the Board of Education**

Superintendent Baranski noted that In observance of Erev Yom Kippur, the October meetings were scheduled on the second and third Tuesday. Since the adoption of the 2022 meeting calendar in December, Administration has determined there is no need to hold two consecutive meetings and recommended that the Board cancel the October 11 meeting. Member Ryan moved approval.

**2.1. 2021-22 Unaudited Actuals Report**

Karl Christensen, Assistant Superintendent of Business Services, provided a brief report highlighting financial results for the 2021-22 fiscal year and Multi-Year Projection. Mr. Christensen noted ending the year with a \$2,359,683 surplus in the Change in Fund Balance and a \$784,802 surplus in the Restricted General Fund (line 22), a total of \$3,144,485 surplus in the General Fund. He noted Fund 8 (Student Activity) was Associated Student Body (ASB) revenue, which was now required to be reported separately. Mr. Christensen shared the Child Dev Fund 12 showed a surplus of \$34,470 and explained the need to spend the funds to meet carry over restrictions. The Cafeteria Fund 13 ended with a \$715,730 surplus and a healthy fund balance. Mr. Christensen noted the District is now receiving funding for all the meals it is providing students. Fund 14 (Deferred Maintenance) had a Projected Ending Fund Balance of \$928,427, to be used towards asphalt replacement at two school sites. The Projected Ending Fund Balance for Fund 17 is \$3,079,349, which is committed to instructional material, future instructional material purchases, and furniture purchases. Mr. Christensen explained Fund 17 is currently committed equally between instructional material and furniture, but clarified it is at the Board's discretion on how the funds were expended. Special Reserve Fund 40 showed a Projected Ending Fund Balance of \$6,531,189, made up of the Hill Creek Solar Project, Technology Reserve, Vehicle Replacement, and Facility Needs funds. Fund 21 (Building) funds were expended. Fund 25 (Capital Facilities) had a Projected Ending Fund Balance of \$6,015,298 consisting of developer fees, former redevelopment agency funds, and land sale proceeds. Fund 63 (Enterprise), showed a Projected Ending Fund Balance of \$1,243,657 in Project SAFE. He noted Line 6 (Interfund Transfer In) showed a contribution of \$131,539 from the General Fund to Yale.

Mr. Christensen provided an overview of the comparison of estimated actuals to unaudited actuals. He explained the estimated actuals are established when the budget is adopted in June for the following year and when compared to the unaudited actuals, the reserve percentage is usually 2-3% more. Mr. Christensen shared this year's reserve percentage was 0.40% more. He noted there was a lot of fluctuation in funding and the District experienced less spending than anticipated and ended with a reserve percentage of 25.71%.

President Levens-Craig noted item F.1.1. was a first reading of revised Board Policy (BP) and New Administrative Regulation (AR) 3515 – Campus Security; and Revised BP 6173 – Education for Homeless Children. She asked the Board review and discuss any questions with Administration.

**G. EMPLOYEE ASSOCIATION COMMUNICATION**

Melanie Hirahara, Santee Teachers Association (STA) President, shared having a great beginning of the school year, her excitement on reaching an agreement for 2021-22, and noted the increase in the employee benefits cap would make the District more competitive. Mrs. Hirahara shared looking forward to having a great year.

**H. BOARD COMMUNICATION**

Member Fox had no communication to share.

Member Ryan clarified that the decision not to hold the father/daughter dance at Cajon Park was a site decision and not the Board’s as previously referenced in public comments.

Member Burns noted we should not be taking those activities away from students, but no one should ever be excluded. Member Burns noted his excitement for the return of field trips and the memories it builds for students.

**I. ORGANIZATIONAL BUSINESS**

Superintendent Baranski noted an exceptional start to the school year and shared she measured it by not having a line of parents enrolling students, which meant students were already at school learning on the first day. She commended the Educational Resource staff for coordinating a successful student enrollment process. Superintendent Baranski noted there was no restructuring of classes, with the exception of two combination classes, and class sizes were kept to a minimum. She shared being optimistic about being able to project more on academic and social emotional goals for the students.

Superintendent Baranski shared a decrease in enrollment. She explained that although the District expected a decrease based on a previous 10-year study, it was more than it anticipated. The District enrollment decreased 3.8%, from the previous year because a lot of families are moving out of State due to the consequences of the high housing market and the value of the dollar not

being similar to other states. Superintendent Baranski noted that the District will continue to serve the over 6,100 best we can.

Superintendent Baranski noted a recent reunion of former special education students. Andrew Darrell, a former student, reunion organizer, and now a current employee of the District, was present to share details of his involvement in organizing the reunion.

Consent Item E.1.2.  
Prepared by Dr. Kristin Baranski  
September 20, 2022

Adoption of Resolution No. 2023-04  
Declaring October 10-14, 2022, as  
Week of the School Administrator

**BACKGROUND:**

Research has repeatedly shown that quality school leadership is essential to student success. There is no better time to honor the school site leaders who make our schools great than during Week of the School Administrator, October 10-14, 2022.

Section 44015.1 states: “In observance of the importance of educational leadership at the school, school district, and county levels, the second full week in the month of October of each year shall be designated as ‘Week of the School Administrator.’ Schools, school districts, and county superintendents of schools are encouraged to observe the week with public recognition of the contribution that school administrators make to successful pupil achievement.”

Santee School District would like to honor and recognize our outstanding school site leadership, consisting of nine (9) principals and eight (8) vice-principals. Our school site leaders work very hard to provide exceptional educational leadership at their schools.

Executive Council would like to join with the Board of Education to honor the school site leaders during the dedicated week and show appreciation for the passion and value they bring to public education. Staff and parents will be encouraged to do the same.

**RECOMMENDATION:**

Administration recommends the Board of Education adopt Resolution No. 2023-04 declaring October 10-14, 2022, as Week of the School Administrator.

**FISCAL IMPACT:**

The fiscal impact to recognize our 17 school administrators will be approximately \$350 and will be paid from the Superintendent’s budget.

**STUDENT ACHIEVMENT:**

Quality school site leadership is essential to effectively increase student achievement.

Consent Item E.2.5. Approval/Ratification of General Services Agreements  
 Prepared by Karl Christensen  
 September 20, 2022

**BACKGROUND:**

From time to time, the District contracts with individuals, companies, or organizations to provide various types of general services such as educational presentations/assemblies, or specialized student services. Some services are on an as-needed basis billed on an hourly or daily rate while other services are billed by the job. The Internal Revenue Service requires an analysis of the nature and type of work performed to determine whether the service provider qualifies as an independent contractor to be paid by commercial warrant. Service providers that do not qualify as an independent contractor will be processed through Human Resources under a short-term employment services agreement.

Approval of the following General Services Agreement is requested:

Vendor Name	Description of Services (Location of Services)	Date(s) of Service	Amount	Funding
Null Education Services	Building Thinking Classrooms	07/01/22 – 06/30/23	\$4,000.00 (not to exceed)	Special Education

Certification and Adoption of Resolution  
of Sufficiency of Instructional Materials  
2022-23

Prepared by Dr. Stephanie Pierce  
September 20, 2022

### **BACKGROUND:**

In order to comply with the Williams Settlement and to receive funding for the Pupil Textbook and Instructional Materials Funding (Education Code Section 60252), and/or funding for instructional materials from any state source in a fiscal year in which the Superintendent of Public Instruction determines that the base revenue limit per average daily attendance (ADA) for each school district will increase by at least one percent from the prior fiscal year, the governing boards of school districts are subject to the requirements of Education Code Section 60119.

Education Code Section 60119 requires that a district hold a public hearing and determine through a board resolution as to whether each pupil in the district has, or will have prior to the end of the fiscal year, sufficient textbooks and/or instructional materials in each subject that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

The public hearing was held earlier in the meeting tonight to allow for public comment.

Adoption of Resolution #2223-03 and Certification of the Statement of Assurance shall serve as assurance to the Superintendent of Public Instruction that the Santee Board of Education has complied, and will comply, with the requirements of Education Code Section 60119 during the 2022-23 school year. This resolution applies to Instructional Materials Funding and the Williams Settlement.

This requirement has been certified each year since 1998.

### **RECOMMENDATION:**

Administration recommends adoption of Resolution #2223-03 and Certification of the Statement of Assurance to serve as assurance to the Superintendent of Public Instruction that the Santee Board of Education has complied with the requirements of Education Code Section 60119.

This recommendation supports the following District goal:

- Assure the highest level of educational achievement for all students

**FISCAL IMPACT:**

Instructional Materials are funded from Local Control Funding Formula (LCFF). The District also receives an allocation of Lottery funds each year which are to be used towards the purchase of instructional materials. A total of \$1,010,127 has been budgeted centrally for purchase of instructional materials in 2022-23.

**STUDENT ACHIEVEMENT:**

Students who have access to state-approved textbooks aligned with standards based core content are more likely to have success in student achievement.

Prepared by Dr. Kristin Baranski  
September 20, 2022

Second Reading: Board Policies (BP) and  
Administrative Regulation (AR):

- Revised BP 3515 – Campus Security
- New AR 3515 – Campus Security
- Revised BP 6173 – Education for Homeless  
Children

**BACKGROUND:**

The attached Board Policy was revised to conform with California School Board Association’s (CSBA) language. The Administrative Regulation is language from CSBA.

**BP/AR 3515 – Campus Security**

Board Policy updated to clarify that audio capability of surveillance equipment should be disabled in accordance with state law prohibiting the recording of conversations unless the parties to the conversation may reasonably expect that the communication may be overheard or recorded, and to reflect a National Institute of Justice recommendation that signage state that the district's surveillance system may or may not be actively monitored.

Regulation includes a section on "locks" reflecting requirement for state-funded new construction projects, as well as certain modernization projects, to include locks that allow classroom doors to be locked from the inside, current Santee School District installed hardware. Regulation also adds strategies to increase adult presence and supervision on campus and to provide staff training in emergency response.

**BP 6173 – Education for Homeless Children**

Policy updated to reflect AB 27, 2021 which requires districts to ensure that each school within the district identifies all homeless children and unaccompanied youths and to create a web page or post on the district website a list of district liaisons for homeless students, contact information for such liaisons, and specific information on homelessness, including information regarding the educational rights and resources available to persons experiencing homelessness. Policy also updated to reflect AB 27 requirement for districts that receive American Rescue Plan Elementary and Secondary School Emergency Relief - Homeless Children and Youth funds to administer a housing questionnaire developed by the California Department of Education (CDE) to parents/guardians of all students and all unaccompanied youths and report to CDE the number of homeless children and unaccompanied youths enrolled in the district. In addition, policy updated to reflect SB 400, 2021 which requires CDE to develop and implement a system to verify that districts are providing required training to district liaisons and other appropriate staff at least annually. Policy also updated for clarity and closer alignment with law.

**RECOMMENDATIONS:**

Revised Board Policy (BP) and New Administrative Regulation (AR) 3515 – Campus Security, and BP 6173 – Education for Homeless Children are being presented for second reading and adoption.

**FISCAL IMPACT:**

Agenda Item G.1.1.

**CAMPUS SECURITY**

The Governing Board is committed to providing a school environment that promotes the safety of students, ~~staff, employees,~~ and visitors to school grounds. The Board also recognizes the importance of protecting district property, facilities, and equipment from vandalism and theft.

The Superintendent or designee shall develop campus security procedures, which may be included in the district's comprehensive safety plan and/or site-level safety plans. Such procedures shall be regularly reviewed to reflect changed circumstances and to assess their effectiveness in achieving safe school objectives.

~~ensure that campus safety procedures are developed which are consistent with the goals and objectives of the district's safety and site-level safety plans. In order to secure buildings and educational personnel from trespassers or persons who may pose a threat or who may disrupt the school's educational climate and culture, procedures such as visitor registration and requiring staff or student identification tags on school district property may be invoked.~~

~~In order to secure the campus perimeter and provide for facility safety upkeep, procedures may be implemented to prevent criminal activity. These strategies shall include on-going and systematic inspection as provided by district policies and the Education Code, analysis of the building security system, lighting system, and campus fencing.~~

~~Additional considerations in implementing these strategies include accessing control of facility keys and other school inventory, reducing the probability of faulty equipment, guarding against the chance of electrical shock, protecting against vandalism and burglary, discouraging and covering graffiti, recovering property that is lost or stolen as is optimum, maintaining and preventing facility defacement, and minimizing fire hazards. In addition, parking lot design, including methods to encourage through traffic, as well as campus beautification may be studied and strategies implemented as funds are available to beautify the buildings and surrounding district property.~~

**Surveillance Systems**

In consultation with the district's safety planning committee, other relevant stakeholders, and staff, the Superintendent or designee shall identify appropriate locations for the placement of surveillance cameras. The Board believes that reasonable use of surveillance cameras will help the district achieve its goals for campus security. In consultation with the safety planning committee and relevant staff, the Superintendent or designee shall identify appropriate locations for the placement of surveillance cameras. Cameras shall not be placed in areas where students, staff, or community members have a reasonable expectation of privacy. Any audio capability on the district's surveillance equipment shall be disabled so that sounds are not recorded.

Prior to the operation of the surveillance system, the Superintendent or designee shall ensure that signs are posted at conspicuous and targeted locations ~~at affected~~ around school

**CAMPUS SECURITY**

buildings and grounds. These signs shall state that the facility uses video surveillance equipment for security purposes and that the equipment may or may not be actively monitored at any time. The Superintendent or designee shall also provide prior written notice to students and parents/guardians about the district's surveillance system, including the locations where surveillance may occur, explaining ~~and~~ that the recordings may be used in disciplinary proceedings and that matters captured by the camera may be ~~and/or~~ referred to local law enforcement, as appropriate. ~~inform students, staff, and visitors that surveillance may occur and shall state whether the district's system is actively monitored by school personnel.~~

To the extent that any images from the district's surveillance system create a student or personnel record, the Superintendent or designee shall ensure that the images are accessed, retained, and disclosed in accordance with law, Board policy, administrative regulation, and any applicable collective bargaining agreements.
