In Preparation for August 19

District Logistics Committee for the Safe Re-Opening of Santee SD

Best practices implementation plan:

- Student and staff arrival procedures, including daily temperature screenings
- Daily cleaning and sanitizing
- Social distancing in the classroom and in outdoor spaces (recess, lunch, and lunch recess)
- Health and safety protocols including hand washing and face covering education and routines, procedures for positive COVID cases during the school year
- Food services
- Transportation services
- Child care

In Preparation for August 19

Input Results, June 26 – July 3

Family responses:

- Please re-open
- Safety of students and staff
- Please have a plan for home/distance learning
- My children need routine/instruction from a credentialed teacher
- Hybrid models could work but please consider working parents
- Needs of special education students
- Face coverings

In Preparation for August 19

Input Results, June 26 – July 3

Staff responses:

- Concerns of increased exposure with an in-person model
- Let's get back to work/school
- Personal child care considerations
- Hybrid model feedback
- Home/distance learning model for families
- Many student and staff training ideas

Next Steps

- TK – Grade 8 learning plan, reducing class size in 4 - 8
- Finalize “backup” educational plan
- Send staff and parent updates
- Finalize staffing needs for home learning alternative
- Continue working with individual staff needs
- Complete district and school re-opening templates
- Work with both employee associations
- Incorporate what we’ve learned during our child care program

Board of Education Discussion

- Questions for the Superintendent and Cabinet
- Educational priorities and a backup educational plan
