

ADMINISTRATIVE LEEWAY IN ABSENCE OF BOARD POLICY

Through Board policy, the Governing Board tries to anticipate critical policy issues that may affect district students and operations. However, the Board recognizes that questions may arise in the day-to-day operations of the schools that are not addressed in Board policy or administrative regulations. When resolution of such issues demands timely action, the Superintendent or designee shall have the authority to act on behalf of the district.

If the matter involves a policy decision that is likely to be controversial, or a matter that has a significant impact on student learning or safety, the Superintendent or designee shall notify the Board president and, as is necessary, Board members as soon as practicable after its occurrence.

The Board president may schedule a review of the action at the next regular Board meeting.

If the action indicates the need for additions or revisions in Board policies, the Superintendent or designee shall make the necessary recommendations to the Board.
