

**INTERNS**

The Governing Board may employ interns to fulfill the district's need for additional instructional resources and to assist future teachers in meeting state credentialing requirements by linking teaching theory with practice.

The Superintendent or designee may enter into an agreement with an accredited college or university to provide supervised teaching experiences within the district as part of a teacher preparation program. He/she shall ensure that the district collaborates with the college or university in the selection, placement, support, and performance assessment of interns.

The Superintendent or designee shall ensure that interns employed by the district possess an appropriate internship credential from the Commission on Teacher Credentialing (CTC) and that their prior experiences and personal qualifications adequately prepare them for the responsibilities of the position.

An intern may be assigned to provide the same service as a holder of a regular credential in accordance with the authorizations specified on the internship credential. (Education Code 44454, 44325, 44326, 44830.3)

To be assigned to teach core academic subjects, as defined in law, an intern must meet the definition of a "highly qualified" teacher adopted by the State Board of Education. (20 USC 6319, 7801; 5 CCR 6100-6112)

Terms of employment for interns shall be consistent with law and the district's collective bargaining agreement, as applicable. Interns shall not displace certificated district employees.

Interns shall receive systematic supervision and guidance by qualified personnel in order to enhance their instructional skills and knowledge. The Superintendent or designee shall ensure that district staff serving as supervisors, mentor teachers, or other support providers receive appropriate training to fulfill their responsibilities and maintain frequent communication with the interns they are assigned to assist.

Interns shall be provided with ongoing feedback regarding their performance and shall be formally evaluated at least once every year in accordance with Board policy and the district's collective bargaining agreement.

When an intern has successfully completed the program, the Board may recommend to the CTC that the intern be awarded a preliminary or professional clear credential commensurate with his/her qualifications. (Education Code 44328, 44468, 44830.3)

The Board shall regularly evaluate the effectiveness of the program to determine whether changes are needed in the support and/or assignment of interns. The Board's evaluation shall be based on a report by the Superintendent or designee, including, but not limited to, data on
